

## ABOUT US

We take this opportunity to introduce M/S EDUPLEX SOLUTIONS PVT LTD (<https://www.eduplex.in>), a premier organization working in school management domain for last 10+ years & has developed school management solutions. We have developed a cloud-based application along with mobile phone interfaces for parents, teachers & administration having features like automatic attendance management & reporting in app, fees management through app, online school notices and teachers & staff attendance. We found that these features are very useful in winning parent's confidence & convenience and by reducing overhead on administration.
